SPRING SUITS—D. GUNDLING &amp; CO.

Do You Want a Doctor?

Not for the grip, but to put your body inside of one of our ELEGANT SPRING SUITS. THE STAR CLOTHING is to-day as far ahead of the ready made clothing shown elsewhere as electricity is of tallow dips. If a man doesn't care for looks he needn't care how, or of what his clothing is made. Any conglomeration of shoddy or low grade wools, slighted at every stage of its manipulation for the sake of cheapness, will do. It won't hold its shape. If it holds its color, that's luck, and if it holds together for the season, that's more luck.

But if you DO care for looks, and want Reliable Clothing, of materials selected and treated in the manufacture with LOOKS and LASTING always in view, the "STAR" CLOTHING is entitled to your consideration.

## THE CITY WEIGHERS

Were Elected for the Ensuing Term by Council Last Evening.

ALL OF THEM ARE NEW OFFICIALS

Replacing the Men Put in Office by the Last Council, Which Was Democratic—Routine Business Transacted by the City Legislators at Last Night's Special Meeting—Many Committees Report.

Last night a special meeting of the city council was held for the purpose of electing the city weighers. Before council went into joint session for this purpose much routine business was transacted by the two branches in separate session. In the first branch Mayor Caldwell was in the chair, while in the second President Maxwell was on the throne.

In the second branch the roll call developed the presence of twenty-one members. In the first branch nine members were present. On motion the reading of the minutes was dispensed with. The application of the West Virginia State Fair association to keep a "coffee house" on the state fair grounds was granted and the bond with Henry Bieberson and George Hook as sureties was approved.

The ordinance granting Anton Reymann the privilege of putting down a railway switch at Main and Sixteenth streets was read two times by the clerk, and then Mr. Frew moved to refer to committee on railroads and streets, alleys and grades. Mr. Waterhouse opposed such action, because it would delay the start on the proposed building at Main and Sixteenth streets. Mr. Britt objected to "obstructionists" objecting to improvements by home people. The Baltimore & Ohio railroad, he said, has "cobwebbed" the city and "nobody says a word," but Mr. Reymann's application is obstructed. Mr. Hamilton did not think Mr. Frew could truthfully be called an obstructionist; his motion to refer is proper; for such business council has its committees. Mr. Frew's motion carried—19 to 2.

The committee on health reported bills aggregating \$313.55, which were ordered paid. Other bills from the same committee for quarantine inspection and other items amounting to \$57.01 were also ordered paid.

The committee on streets, alleys and grades reported a resolution in favor of condemnation proceedings against the Cottel estate for the property at the corner of McColloch and Baker streets, for enlarging the roadway. The city has occupied a part of this lot for some time and as it will cost more to fill in outside the lot than to condemn it, the committee had recommended this action. The resolution was adopted.

The committee on elections reported bills, \$7.50, which were ordered paid.

The committee on wharves asked that the ordinance committee be instructed to draw up an ordinance placing wharves at the same figures as in other cities.

The committee on cemeteries' bills, \$40.38, were paid.

The board of public works asked that the committee on streets, alleys and grades be instructed to establish a grade

on Ohio street, Island, from South Penn to South Front street.

The board of public works reported that as yet the Powekey railway company has not encroached on public thoroughfares at Water and Eleventh streets where its new passenger station is being built. Mr. Frew was of the opinion that more ground is being taken than was granted by the ordinance passed some time ago.

The bill of Hallock Bros. for tearing down the Hutchinson and Chapman buildings, as per agreement with Mayor Caldwell, was ordered paid. The clerk informed council that the contingent fund is exhausted, and some other provision for paying the bill must be made. The bill was laid over until the next meeting.

A. J. Falbert asked for a license to keep a billiard hall; granted. The application of August Myers for a coffee house license was referred to the committee on petitions and remonstrances.

The council next went into joint session for the purpose of electing city weighers, with the following result:

Fourth and Main—John Neilhaus. Seventh and Market—Henry Becker. Tenth and Market—Matthew Reid. Tenth and McColloch—William Johnson.

Seventeenth and McColloch—John Hornish.

Eoff street, between Sixteenth and Seventeenth—Mat Altmeyer.

Twentieth street—R. M. Williamson. Twenty-third and Market—William B. Connor.

Zane street—John Collins. Huron street—George Zilles.

Thirty-third and Chapline—Theodore Schultze.

Thirty-third and McColloch—H. B. Rennard.

Thirty-seventh and McColloch—E. B. Raynor.

Thirty-ninth and McColloch—B. Scharnack.

Forty-first and McColloch—George Westwood.

Forty-second and Forty-third streets—P. Dougherty.

Forty-fifth and Wetzel—W. W. Cline. Forty-eighth and McColloch—Philip Kuntz.

Twenty-ninth and Eoff—John D. Shriver.

BOARD OF COMMISSIONERS

Short Special Session—"Mother" Bunch Refused a License.

The board commissioners held a special meeting yesterday for the purpose of acting on several applications for liquor licenses in the country districts.

The applications of Charles Seibert and Mrs. Amelia Walters were granted without opposition, but when it came to granting one to Dorothy Bunch at Fulton the commissioners were of a decidedly adverse opinion, and as a consequence "Mother's" application was rejected in spite of the fact that the Fulton council had given her a license.

The resignation of J. Robinson, toll keeper on the river road, was accepted and Edward Hennesman elected to fill the vacancy.

Road Supervisor J. W. Bruner for district No. 10, Richland district, resigned his position and Archie Adams was elected to fill the vacancy.

The board was engaged most of the day in auditing monthly bills and accounts. The regular meeting of the board takes place on Monday next.

POLICE BUSINESS.

Report for the Month of April—Arrests and Fines Collected.

Chief of Police Bennett yesterday finished his report for the month of April. During the month 156 arrests were made, of which number 133 were white and 3 colored males, 19 white and 1 colored female. The number of males sent to prison was 45, and nine females were incarcerated in the county jail.

Forty-two cases were suspended by the mayor, that is tramps who were fined but let go, on their promise to leave town. Seven cases were dismissed, two appealed and two handed over to the Marshall county authorities.

The fines assessed amounted to \$1,500, and the amount collected to \$444.90. The discrepancy between the amount of fines collected and those not collected is easily explained from the fact that a large portion of the cases are tramps and persons who are unable to pay, and are consequently sent to prison to serve out their fines.

For Fire Protection.

A meeting of the citizens of Leatherwood, Altentheim, Wooddale, Echo Point, Edgington's Lane and Pleasant Valley, suburban towns along the line of the Wheeling & Elm Grove motor line, has been called for this evening at 7:30 o'clock at the Leatherwood school house for the purpose of hearing the reports of the committee recently appointed to look into the advisability of providing fire protection for the series of suburbs and to hear the finance committee's report as to the amount of financial aid that will be probably ex-

tended to the scheme for fire protection. It is desirable that a representative attendance be on hand this evening.
